Geometry of decision making and the vector space formulation of the analytic hierarchy process

S. Zahri. European Journal of Operational Research, 1999 - Elsevier

... 2. Pareto Optimality Agreement: if every member of a group prefers alternative A to alternative B, then group must prefer A to B ... We use the aggregation rule of Eq ... To answer the question of how close or apart the decision makers are, we define the scalar product between V1 and ...

A framework for evaluating the criticality of software metrics: an analytic hierarchy process (AHP) approach

G.S. Suraneni et al. - Measuring Business ... 2006 - [emeraldinsight.com](#)

... Findings - Criteria with respect to product, process and resource categories have been identified and ... the has resulted in an approach that is more and more compatible with the Pareto principle. ... The AHP is a generic problem-solving approach that is used in making complex ...

Minimization of intermediate concentrations as a suggested optimality principle for biochemical networks

S. Schuster. ... Journal of mathematical biology, 1991 - Springer

... reason explained above there is surely a dynamic argument in support of the principle (1.2) ... to parameter changes would be rather slow if intermediate concentrations were high, since product formation would ... We shall follow the Pareto solution concept of vector-optimization (cf ...

Intransitive social strict preference and the Arrow theorem

V. Demery. - Economico Letters 1997 - Elsevier

... the set of reflexive, connected and acyclic binary relations on X. Elements of the n-fold Cartesian product W^n are ... satisfies independence of irrelevant alternatives, transitivity of social indifference, the strong Pareto principle and the Pareto indifference rule, then there ...

[PDF] Design for mass customization by developing product family architecture

M.M. Tseng. ... ASME Design Engineering Technical Conference, ... 1998 - [Citeseer](#)

... Corresponding to each customer group identified in the functional view, the behavioral view reveals the application of a technology (ie, solution principle) to a product design and describes the product ... Pareto Analysis ... interrelationships with respect to the existing product portfolio ...

FOODSERVICE SYSTEMS-GENERIC TYPES, ALTERNATIVE TECHNOLOGIES AND INFINITE VARIATION

P. JONES. - Foodservice Research International, 1990 - Wiley Online library

... Such criteria should include type of raw materials, inventory size, product range width and depth, capacity ... Once again the Pareto principle needs to be applied to this analysis as shown in Table 1 ... However, in addition to these 10 generic types A to J, for each of the possible 10 ...
